## Program Information

### ◆Performance Summary

【武楽 BUGAKU - Samurai Art】 BUGAKU is the dynamic performing arts; the cultural fusion of Japanese traditional martial arts and Japanese traditional performing arts like Noh-theatre that Samurai practiced and loved. Focusing on Samurai, we are spreading the sense of beauty and the peaceful ways of thinking of Samurai through our stage performances.

【Hand Drawing SUMI-E】 Deploying sumi-e traditional art in one and only original method. Using an unconventional method, creates a "Living sumi-e" that expresses "a bold sense of dynamism" that has not been found in the world of traditional sumi-e and ink paintings.
